## INTRODUCTION

The FISAP Technical Reference 2026–27 provides programmer specifications and record layouts for your school and for other organizations that need to design software systems to capture data reported on the FISAP.

This technical reference provides a current snapshot of the system modifications for the upcoming processing year and contains the following sections:

- Changes to the 2026–27 FISAP
- 2026–27 Record Layouts

Keep in mind that further changes to the technical reference may occur as we proceed with implementation. If there are any further changes, they will be announced through the Electronic Announcement process on the Knowledge Center website as soon as possible.

If you have any questions regarding the information contained in this document, please contact the FSA Partner and School Relations Center at 1-800-848-0978.

## CHANGES TO THE 2026–27 FISAP

In addition to annual award year and date references, the following changes have been made to the Common Origination and Disbursement (COD) System.

### CHANGES TO THE FISAP

In addition to annual award year and date references, the following changes have been made to the FISAP:

- **Part II, Section B, Field 5:** Field 5 will be disabled and no longer allow a response from any schools except those that are still active in servicing their Federal Perkins Loan portfolio.
- **Part II, Section F, Fields 25(a)—(d) and Part VI, Section A, Fields 26(c)—(g):** Required count of “automatic zero EFC” students in Part II, Fields 25(a) through (d) and Part VI, Fields 24(c) through (f) have been replaced with students with Maximum Pell Indicators of either 1, 2, or 3, due to statutory changes to the 2024-25 FAFSA and elimination of the “automatic zero EFC” classification.
- **Changes to FISAP Instructions**

In addition to updates to the annual award year, date references, acronyms, and hyperlinks, the following changes have been made throughout the FISAP Instructions:

- **Introduction to the FISAP:** The due date for the FISAP has been updated to October 1, 2025, and the correction deadline has been updated to December 15, 2025.
- **Part II, Section F and Part VI, Section A:** Instructions have been updated to account for reporting students with a Maximum Pell Indicator of either 1, 2, or 3 (instead of those with “automatic zero EFCs”), due to statutory changes to the 2024-25 FAFSA and elimination of the “automatic zero EFC” classification.
- **Part IV, Section F:** Instructions for Section F have been updated to provide additional clarification on reporting FSEOG disbursements to disaster-affected students.
- **Part V, Section G:** Footnote reference to the waiver of the Federal Work Study (FWS) community service requirements that was extended to all schools through the end of the 2023-24 award year due to COVID-19 was removed due to the expiration of that automatic waiver.
- **Appendix A:** Program Officer contact information for the Title III and Title V programs has been updated.
- **All references to Expected Family Contribution (EFC) have been updated to Student Aid Index (SAI) to account for statutory changes to the 2024-25 FAFSA.**
